COVID-19: TESTING GUIDELINES under Actors’ Equity Contracts

The following COVID-19 tests are examples from other Producers/Theatres. Our health and safety expert finds these acceptable as of June 24, 2020:

**Brand/Test**

- Cepheide/ Xpert Xpress SARS-CoV-2
- Genmark/ ePlex SARS-CoV-2 test
- BioFire/ BioFire COVID-19 Test
- BioFire/ Respiratory Panel 2.1
- Roche/ Cobas SARS-CoV2

Additional tests can be added to the above list. Please contact us for review. A test should have a high sensitivity (few false negatives), preferably a high specificity (few false positives).

**Test Results (Speed)**

- Results should take no longer than **48 hours** after the test is administered.

**Who gets Tested**

- Actors
- Stage Managers
- All other Employees and Employer(s) that will be interacting with the Actors and Stage Managers during employment.

**Frequency of Tests**

- No less than **Once A Week**

**Cost**

- No Cost to Actors and Stage Managers
